

Fact sheet

- What is AyushCorp :** It's a special offering aimed at providing healthcare at office premise for employees who are busy and have little time to visit a clinic. Organization / Employees subscribe to this service, go through the annual health check-up at office premise and then continue to consult with their doctors from office/home/clinic. While on tour, they can still consult with their doctors using Video and have continuity in healthcare.
- It is offered by :** Ayushman Pvt. Ltd, leader in 'Connected Healthcare'.
Backbone of **AyushCorp** is Ayushman's Secure cloud based platform –'**IndiaOnlineHealth**', that connects Consumers with Doctors, Diagnostic Center and Drug Store seamlessly.
- AyushCorp offers :**
 - Health Check-up consisting of :
 - Medical examination by a General Physician at office premise
 - Basic Pathology tests –samples collected at office premise
 - Ultrasound for pelvis & abdomen at Diagnostic Lab
 - Creation / update of Electronic Medical Record with examination details by doctor and diagnostic reports uploaded by the labs
 - Consultation with Specialists where needed at office premise
 - Interactive knowledge session with Specialists from different discipline
 - Complimentary subscription to **IndiaOnlineHealth**, enabling the employees to avail services of all registered doctors, diagnostic labs, chemist and other service providers.

Please note it does not cover acute care or hospitalization services. However, EMR can be provided to the hospital on request by the subscriber.
